QORTAL

YOUR FAVORITE APPS, REIMAGINED ON QORTAL

Discover peer-to-peer alternatives for the things you already do online.

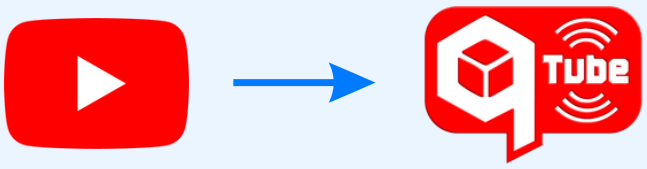

Video | Messaging | File sharing | Blogging | Shopping | Crowdfunding

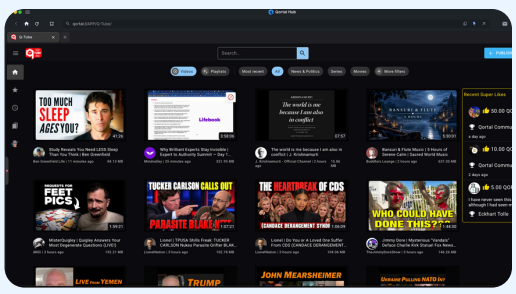

Explore an alternative internet built without centralized gatekeepers.

WHAT CAN YOU ACTUALLY DO ON QORTAL?

QORTAL

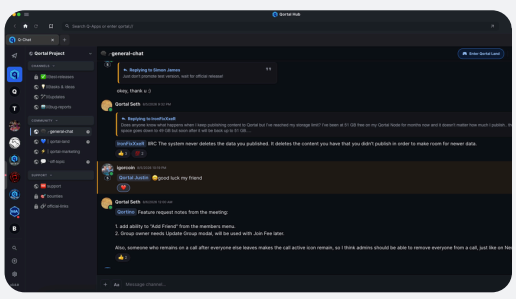

Q-Tube

Familiar experience: YouTube

Publish and watch videos directly through Qortal, with peer-to-peer tipping for creators.

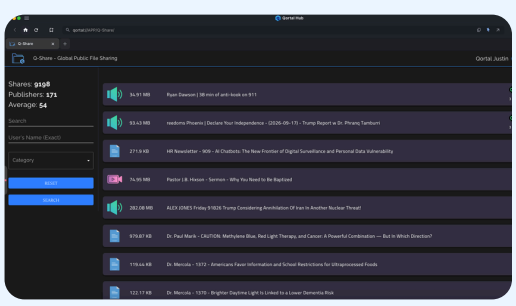

Q-Chat

Familiar experience: Discord / WhatsApp

Send messages, share files and connect with communities using peer-to-peer communication.

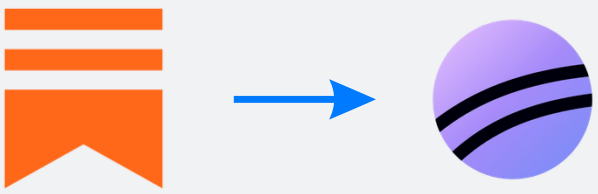

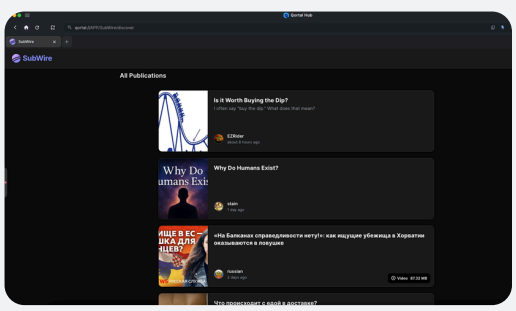

Q-Share

Familiar experience: Dropbox / WeTransfer

Share large files peer-to-peer without relying on centralized cloud storage.

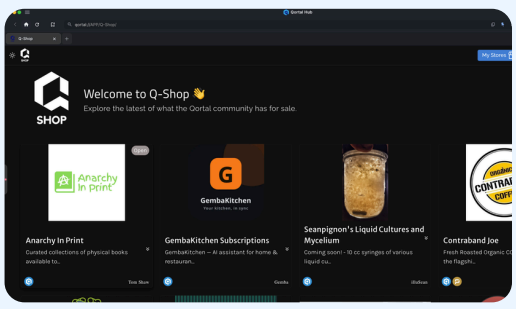

SubWire

Familiar experience: Substack

Publish articles and content directly to Qortal's decentralized data network.

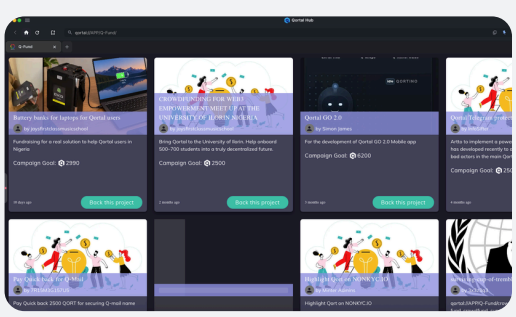

Q-Shop

Familiar experience: Shopify / Online Marketplaces

Create listings and sell directly to other users without a centralized marketplace.

Q-Fund

Familiar experience: Patreon / GoFundMe

Fund projects and ideas directly through the Qortal community.

— And that's only part of the Q-App ecosystem.

WHY QORTAL?

QORTAL

TAKE BACK CONTROL OF YOUR DIGITAL LIFE

CENTRALIZED WEB		QORTAL
Big Tech servers	→	Peer-to-peer network
Platform rules	→	Permissionless publishing
Gatekeepers	→	Open Q-Apps
Centralized accounts	→	Private-key identity
Intermediaries	→	Peer-to-peer transactions
